

- Operates Automatically & Unattended
- Weather/Corrosion Resistant
- Lockable Enclosure
- Quiet Operation

*The AirPro Control Unit, part of the AirStreme lineup of products.*

The AirPro integrates advanced solid state electronics and a durable oilless compressor into one sleek and refined package.

# AirPro Control Unit ACU.25

## ODOR COUNTERACTANT DELIVERY EQUIPMENT

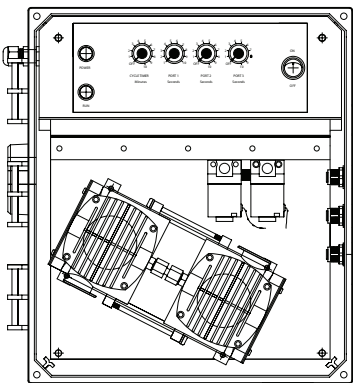

The **AirPro™ ACU.25** has features and versatility like no other system in the industry. The AirPro ACU.25 integrates advanced solid state electronics and a durable oilless compressor in one sleek and professional package. The system has the flexibility of interval times up to 100 minutes and cycle times up to 20 seconds packaged in a corrosion resistant NEMA enclosure.

**Ecolo's AirPro™ ACU.25** is specially designed to control multiple zones using any combination of remote air mist nozzle, vapor unit or spray station, to neutralize odors in:

- Garbage Areas
- Storage Areas
- Industrial Facilities
- Exhaust Stacks
- Recycling Plants
- Loading Docks
- HVAC Systems
- Anywhere odor is a problem

### FEATURES AND BENEFITS

- **Integrated Controller Design** – compressor and programmable controller in one clean and polished system.
- **Adjustable Programming** – Repeat cycle timers with 1 to 10 minute intervals with 1 second to 20 seconds for each SU.
- **Port Control** – individual ports can be turned off/on as required.
- **Dial Programming** – Easy to use and easy to program.
- **Weather/Corrosion Resistant NEMA Enclosure** – manufactured from impact resistant thermoplastics that will not rust, dent or peel.
- **Modern Solid State Control** – cost effective and efficient systems with little to no down time.
- **Quiet Operation** – enclosure is sealed for quiet operation.
- **Tamper Proof** – lockable enclosure and internally mounted components prevent tampering.
- **Easy to Install** – quickly mounts to a wall.

The AirPro ACU.25 can operate

- 3 SU-20s or 3 SU-4s
- 3 Remote air mist nozzles
- Up to 6 XStreme Vapor Units

#### Product Specifications

- Dimensions: 14.5" x 13.5" x 7.3"
- Weight: 23 lbs
- Composition: Thermoplastic Polycarbonate
- Electrical: 120V 60hz / 220V 50hz

#### Part number:

110V 10-AIR-0130  
220V 10-AIR-1130

#### Remote Air Mist Nozzle Specifications:

- Central reservoir convenience
- Spray pattern: cone shape 40-45° approx.
- Droplet size 13 microns
- Flow: 30ml/min at 3 ft. line height

Description: Air mist nozzle with remote flush mount bracket, 1/4" barb, best for connection to a duct

Part #:30-NOZ-0500

Description: Air mist nozzle with remote wall bracket, 1/4" barb, best for remote nozzle placement

Part #:30-NOZ-0530

Description: Air mist nozzle with remote magnetic bracket, 1/4" barb, best for compactor attachment for quick release

Part #:30-NOZ-0460

#### XStreme™ Vapor Unit Specifications:

Depth 15.24cm/6"  
Width 15.24cm/6"  
Height 50.8cm/20"  
Weight 4.13kg/9 lb  
Capacity: up to 4 Litres  
18 gauge steel cabinet.  
Part number: 10-VAP-1000-M

#### Spray Stations :

#### SU-20 Specifications:

Depth 25.4cm/10"  
Width 34.29cm/13.25"  
Height 49.53cm/19.5"  
Weight 9.07kg/20lb  
Capacity 20 Litres  
Part number:  
10-ASU-0800

#### SU-4 Specifications:

Depth 15.24cm/6"  
Width 15.24cm/6"  
Height 50.8cm/20"  
Weight 3.63kg/8 lb  
Capacity 4 Litres  
Part number:  
10-ASU-0400

#### Easy to Install – Quick Connect

Quick connect fittings allow fast and secure connections of plumbing parts. Internally mounted components in a ventilated and tamper proof enclosure keeps the system safe providing a level of convenience to satisfy even the most discerning client.
